

## INFORMED CONSENT FORM

### Audition and Casting Expectations

The production team has already chosen about 80% of the featured songs. The remaining 20% will consist of additional songs we add, inspired by your auditions. You may not be cast in the number you audition with. If you are cast, you may not have a featured solo. We are leaning heavily into strong group numbers with fun choreography, and a run time under 120 minutes.

**I confirm I understand the audition and casting expectations [    ]**

### Rehearsal Commitment

We have limited time and space to rehearse. We expect performers to study music, blocking, and choreo on their own. We reserve the right to recast or cut songs if you do not attend rehearsals or are not prepared. Absences and tardiness must be pre-approved by production staff – email or text, even if only 5 minutes late. No absences will be excused for the dress/tech rehearsals or performance dates.
